St Peters Public School Native Bee Hive Split

When: Saturday 25th November,
10am-midday

Where: St Peters Public School
– at the kitchen garden,
St Peters Street, St Peters, NSW 2044

Entry: Gold coin donation

RSVP: <http://tinyurl.com/y6u46l4w>

Info': www.sppspandc.org.au/hivesplit

• Refreshments and native bee honey for sale

Local native bee expert Gavin Smith will be splitting our native bee hive. Come along to view the unique spiral formation of the hive, hear a fascinating talk about native bees, their habits, and life-cycle; and taste some of their sought-after honey.

“Splitting” involves separating an established hive, allowing a new hive to grow independently from the first. This new hive will be donated to a school / community garden.

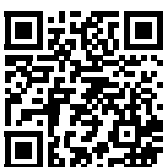

Native Bee habitats are under threat, hosting a native bee hive at our school helps to sustain, support and increase the species (*Tetragonula carbonaria* – a small, **sting-less**, social bee). In return, our kitchen garden benefits from these tiny pollinators – offering fantastic learning opportunities for our students.

Presented by St Peters Public School P&C Association. All proceeds go to making our school a better place to learn & grow.
